I am writing to request approval to attend the [GeneXus Meeting - GX30](#), which will take place from **November 28th to 30th** at the Radisson Hotel in Montevideo, Uruguay.

The GeneXus Meeting is the premier Technology, Business, and Innovation event in Latin America, offering a great opportunity to stay updated on software industry trends, participate in technical and general conferences, **gain insights into GeneXus'** short and medium-term vision, and learn about their products and new technologies in **Super Apps** and **Artificial Intelligence**.

Over three days, there will be more than 100 activities available, including conferences and interactive sessions that will help me develop skills, obtain certifications, and be inspired.

I will also have the opportunity to interact with the GeneXus team and with CEOs, CIOs, CTOs, and decision-makers from all industries, who will be among the more than 3500 attendees.

This edition will also be historic because it will mark the 30th edition of the GeneXus Meeting. It will also be GeneXus's first international event with Globant.

It's important to note that, unlike other technology industry events, there is no cost associated with attending the GeneXus Meeting. The organization also guarantees internet access and meeting spaces for remote work, video calls, and email responses during office hours.

There are undoubtedly many compelling [reasons not to miss GX30](#).

All event details and information are available on the [GeneXus Meeting - GX30 website](#).
